**FLEXIBLE SPIKE TOOTH HARROWS**

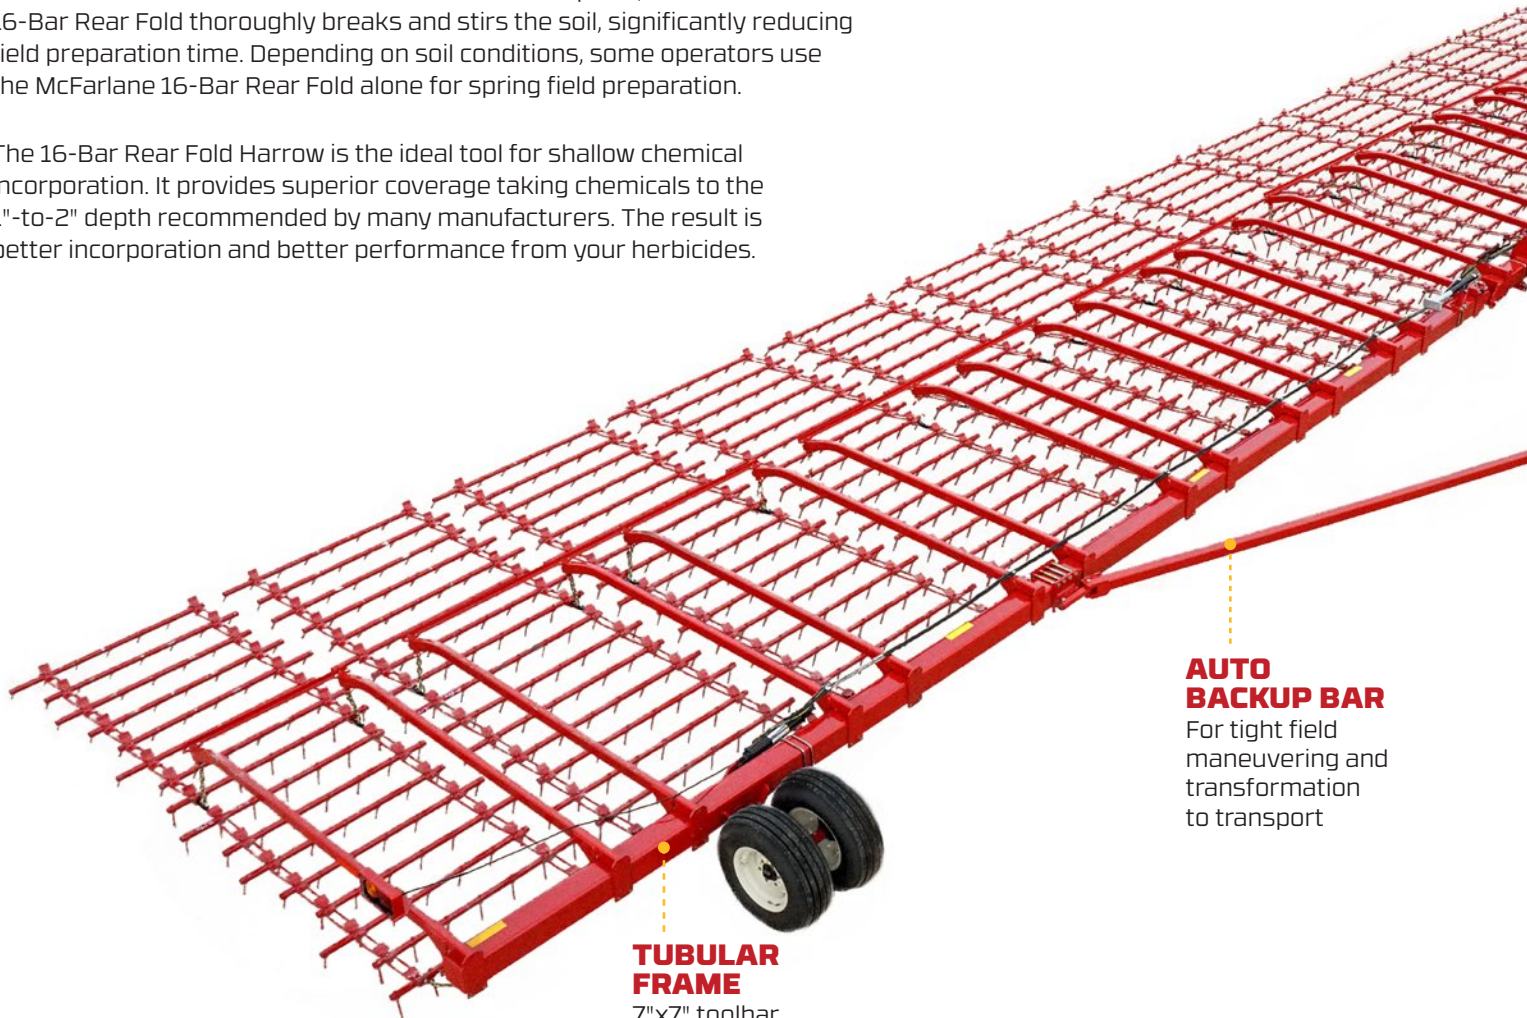

# WDL-2100

## **TWICE THE COVERAGE, TWICE THE PERFORMANCE THE TOTAL TILLAGE TOOL**

McFarlane's 16-Bar Spike Tooth Rear Fold Harrow is more than a harrow. It's a total tillage tool. It's a tool that provides superior performance for field finishing, field preparation and chemical incorporation.

**The 16-Bar Rear Fold** gives you double coverage, and double performance. With 2-to-3 times the normal number of bars and spikes, McFarlane's 16-Bar Rear Fold thoroughly breaks and stirs the soil, significantly reducing field preparation time. Depending on soil conditions, some operators use the McFarlane 16-Bar Rear Fold alone for spring field preparation.

The 16-Bar Rear Fold Harrow is the ideal tool for shallow chemical incorporation. It provides superior coverage taking chemicals to the 1"-to-2" depth recommended by many manufacturers. The result is better incorporation and better performance from your herbicides.

**TUBULAR  
FRAME**  
7"x7" toolbar  
on all sizes

**AUTO  
BACKUP BAR**  
For tight field  
maneuvering and  
transformation  
to transport

## FEATURES

- Long hitch for easy turning
- Heavy-duty 1 piece frame fabricated out of rectangular tubular steel
- Excellent for leveling ridges from fall tillage
- Ideal for managing small grain straw
- Good for broadcast seeding
- Complete with 16-Bar harrow sections
- 16 Harrow bars for superior leveling
- Fully flexible for handling heavy residue
- 20 Teeth per foot for excellent coverage
- High-carbon replaceable diamond-shaped teeth
- Two positive pitch teeth settings -50° or reverse harrow pull at 38°

**The 16-Bar Rear Fold Harrow,** built for durability and ease of operation, combines McFarlane's long standing tradition of rugged dependability with features designed to provide maximum coverage and performance.

**MAINTENANCE  
FREE  
BUSHINGS**

**ONE-PIECE MAIN FRAME**  
6"x8" frame tubes

### **DUAL WING WHEEL**

Greater flotation in field and improved stability in transport

**Shown with Optional Dual Axles  
and 14L Main Frame Tires**

Standard walking axle and 11L tires
